

OUTCOME 5 SNAPSHOT

Outcome 5: Reduce Suspensions for Students with Disabilities

Targeted Strategy 5-1: Target top suspending secondary schools for mandatory intensive professional development and administrator and teacher accountability.

Targeted Strategy 5-2: Provide professional development to targeted secondary school teams of principals, secondary school administrators responsible for discipline, deans for discipline, Bridge Coordinators, and Special Education Coordinators regarding discipline decision-making practices for students with disabilities, progressive discipline steps, and differentiated procedures (including the legal and practical reasons), and alternatives to suspension.

Targeted School Criteria: Targeted schools are secondary schools that were (1) previously targeted and have not yet met the outcome, or (2) secondary schools that suspended 20% or more of students with disabilities in the 2007-08 school year.

Notes: Data Source: Secondary SIS data as of July 15, 2008 and March 12, 2009 Extract.
